Sec. 5. Minnesota Statutes 2008, section 125A.11, subdivision 1, is amended to read:

Subdivision 1. **Nonresident tuition rate; other costs.** (a) For fiscal year 2006, when a school district provides instruction and services outside the district of residence, board and lodging, and any tuition to be paid, shall be paid by the district of residence. The tuition rate to be charged for any child with a disability, excluding a pupil for whom tuition is calculated according to section 127A.47, subdivision 7, paragraph (d), must be the sum of (1) the actual cost of providing special instruction and services to the child including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, plus (2) the amount of general education revenue and referendum aid attributable to the pupil, minus (3) the amount of special education aid for children with a disability received on behalf of that child, minus (4) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum aid, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom. If the boards involved do not agree upon the tuition rate, either board may apply to the commissioner to fix the rate. Notwithstanding chapter 14, the commissioner must then set a date for a hearing or request a written statement from each board, giving each board at least ten days' notice, and after the hearing or review of the written statements the commissioner must make an order fixing the tuition rate, which is binding on both school districts. General education revenue and referendum equalization aid attributable to a pupil must be calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit.

(b) For fiscal year 2007 and later, when a school district provides special instruction and services for a pupil with a disability as defined in section 125A.02 outside the district of residence, excluding a pupil for whom an adjustment to special education aid is calculated according to section 127A.47, subdivision 7, paragraph (e), special education aid paid to the resident district must be reduced by an amount equal to (1) the actual

cost of providing special instruction and services to the pupil, including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, plus (2) the amount of general education revenue and referendum equalization aid attributable to that pupil, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit excluding basic skills revenue, elementary sparsity revenue and secondary sparsity revenue, minus (3) the amount of special education aid for children with a disability received on behalf of that child, minus (4) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum equalization aid, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit excluding basic skills revenue, elementary sparsity revenue and secondary sparsity revenue and the serving district's basic skills revenue, elementary sparsity revenue and secondary sparsity revenue per adjusted pupil unit. Notwithstanding clauses (1) and (4), for pupils served by a cooperative unit without a fiscal agent school district, the general education revenue and referendum equalization aid attributable to a pupil must be calculated using the resident district's average general education revenue and referendum equalization aid excluding compensatory revenue, elementary sparsity revenue, and secondary sparsity revenue. Special education aid paid to the district or cooperative providing special instruction and services for the pupil must be increased by the amount of the reduction in the aid paid to the resident district. Amounts paid to cooperatives under this subdivision and section 127A.47, subdivision 7, shall be recognized and reported as revenues and expenditures on the resident school district's books of account under sections 123B.75 and 123B.76. If the resident district's special education aid is insufficient to make the full adjustment, the remaining adjustment shall be made to other state aid due to the district.

(c) Notwithstanding paragraphs (a) and (b) and section 127A.47, subdivision 7, paragraphs (d) and (e), a charter school where more than 30 percent of enrolled students receive special education and related services, a site approved under section 125A.515, an intermediate district, a special education cooperative, or a school district that served as the applicant agency for a group of school districts for federal special education aids for fiscal year 2006 may apply to the commissioner for authority to charge the resident district an additional amount to recover any remaining unreimbursed costs of serving

pupils with a disability. The application must include a description of the costs and the calculations used to determine the unreimbursed portion to be charged to the resident district. Amounts approved by the commissioner under this paragraph must be included in the tuition billings or aid adjustments under paragraph (a) or (b), or section 127A.47, subdivision 7, paragraph (d) or (e), as applicable.

(d) For purposes of this subdivision and section 127A.47, subdivision 7, paragraphs (d) and (e), "general education revenue and referendum equalization aid" means the sum of the general education revenue according to section 126C.10, subdivision 1, excluding alternative teacher compensation revenue, plus the referendum equalization aid according to section 126C.17, subdivision 7, as adjusted according to section 127A.47, subdivision 7, paragraphs (a) to (c).

Sec. 6. Minnesota Statutes 2008, section 126C.05, subdivision 2, is amended to read:

Sec. 7. Minnesota Statutes 2008, section 126C.15, subdivision 2, is amended to read:

Subd. 2. **Building allocation.** (a) A district must allocate its compensatory revenue to each school building in the district where the children who have generated the revenue are served unless the school district has received permission under Laws 2005, First Special Session chapter 5, article 1, section 50, to allocate compensatory revenue according to student performance measures developed by the school board.

(b) Notwithstanding paragraph (a), a district may allocate up to five percent of the amount of compensatory revenue that the district receives to school sites according to a plan adopted by the school board. The money reallocated under this paragraph must be spent for the purposes listed in subdivision 1, but may be spent on students in any grade, including students attending school readiness or other prekindergarten programs.

(c) For the purposes of this section and section 126C.05, subdivision 3, "building" means education site as defined in section 123B.04, subdivision 1.

~~(d) If the pupil is served at a site other than one owned and operated by the district, the revenue shall be paid to the district and used for services for pupils who generate~~

~~the revenue~~ Notwithstanding section 123A.26, subdivision 1, compensatory revenue generated by students served at a cooperative unit shall be paid to the cooperative unit.

(e) A district with school building openings, school building closings, changes in attendance area boundaries, or other changes in programs or student demographics between the prior year and the current year may reallocate compensatory revenue among sites to reflect these changes. A district must report to the department any adjustments it makes according to this paragraph and the department must use the adjusted compensatory revenue allocations in preparing the report required under section 123B.76, subdivision 3, paragraph (c).

Sec. 8. Minnesota Statutes 2008, section 126C.15, subdivision 4, is amended to read:

Subd. 4. **Separate accounts.** Each district and cooperative unit that receives basic skills revenue shall maintain separate accounts to identify expenditures for salaries and programs related to basic skills revenue.

Sec. 9. Minnesota Statutes 2008, section 126C.40, subdivision 6, is amended to read:

Subd. 6. **Lease purchase; installment buys.** (a) Upon application to, and approval by, the commissioner in accordance with the procedures and limits in subdivision 1, paragraphs (a) and (b), a district, as defined in this subdivision, may:

(1) purchase real or personal property under an installment contract or may lease real or personal property with an option to purchase under a lease purchase agreement, by which installment contract or lease purchase agreement title is kept by the seller or vendor or assigned to a third party as security for the purchase price, including interest, if any; and

(2) annually levy the amounts necessary to pay the district's obligations under the installment contract or lease purchase agreement.

(b) The obligation created by the installment contract or the lease purchase agreement must not be included in the calculation of net debt for purposes of section 475.53, and does not constitute debt under other law. An election is not required in connection with the execution of the installment contract or the lease purchase agreement.

(c) The proceeds of the levy authorized by this subdivision must not be used to acquire a facility to be primarily used for athletic or school administration purposes.

(d) For the purposes of this subdivision, "district" means:

(1) a racially isolated school district or a school district with a racially identifiable school required to have a ~~comprehensive~~ desegregation or integration plan for the elimination of segregation which is eligible for revenue under section 124D.86, subdivision 3, clause (1), (2), or (3), and whose plan has been determined by the

commissioner to be in compliance with Department of Education rules relating to equality of educational opportunity and school desegregation and, for a district eligible for revenue under section 124D.86, subdivision 3, clause (4) or (5), where the acquisition of property under this subdivision is determined by the commissioner to contribute to the implementation of the desegregation plan; or

(2) a school district that participates in a joint program for interdistrict desegregation with a district defined in clause (1) if the facility acquired under this subdivision is to be primarily used for the joint program and the commissioner determines that the joint programs are being undertaken to implement the districts' desegregation plan.

(e) Notwithstanding subdivision 1, the prohibition against a levy by a district to lease or rent a district-owned building to itself does not apply to levies otherwise authorized by this subdivision.

(f) For the purposes of this subdivision, any references in subdivision 1 to building or land shall include personal property.

Sec. 10. Minnesota Statutes 2008, section 126C.44, is amended to read:

126C.44 SAFE SCHOOLS LEVY.

(a) Each district may make a levy on all taxable property located within the district for the purposes specified in this section. The maximum amount which may be levied for all costs under this section shall be equal to \$30 multiplied by the district's adjusted marginal cost pupil units for the school year. The proceeds of the levy must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison in services in the district's schools; (2) to pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 3, paragraph (e), in the elementary schools; (3) to pay the costs for a gang resistance education training curriculum in the district's schools; (4) to pay the costs for security in the district's schools and on school property; (5) to pay the costs for other crime prevention, drug abuse, student and staff safety, voluntary opt-in suicide prevention tools, and violence prevention measures taken by the school district; or (6) to pay costs for licensed school counselors, licensed school nurses, licensed school social workers, licensed school psychologists, and licensed alcohol and chemical dependency counselors to help provide early responses to problems. For expenditures under clause (1), the district must initially attempt to contract for services to be provided by peace officers or sheriffs with the police department of each city or the sheriff's department of the county within the district containing the school receiving the services. If

a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries.

(b) A school district that is a member of an intermediate school district may include in its authority under this section the costs associated with safe schools activities authorized under paragraph (a) for intermediate school district programs. This authority must not exceed \$10 times the adjusted marginal cost pupil units of the member districts. This authority is in addition to any other authority authorized under this section. Revenue raised under this paragraph must be transferred to the intermediate school district.

(c) A school district must set aside at least \$3 per adjusted marginal cost pupil unit of the safe schools levy proceeds for the purposes authorized under paragraph (a), clause (6). ~~The district must annually certify that its total spending on services provided by the employees listed in paragraph (a), clause (6), is not less than the sum of its expenditures for these purposes, excluding amounts spent under this section, in the previous year plus the amount spent under this section.~~

EFFECTIVE DATE. This section is effective for revenue for fiscal year 2010 and later.

Sec. 11. Minnesota Statutes 2008, section 127A.47, subdivision 7, is amended to read:

Subd. 7. **Alternative attendance programs.** The general education aid and special education aid for districts must be adjusted for each pupil attending a nonresident district under sections 123A.05 to 123A.08, 124D.03, 124D.08, and 124D.68. The adjustments must be made according to this subdivision.

(a) General education aid paid to a resident district must be reduced by an amount equal to the referendum equalization aid attributable to the pupil in the resident district.

(b) General education aid paid to a district serving a pupil in programs listed in this subdivision must be increased by an amount equal to the greater of (1) the referendum equalization aid attributable to the pupil in the nonresident district; or (2) the product of the district's open enrollment concentration index, the maximum amount of referendum revenue in the first tier, and the district's net open enrollment pupil units for that year. A district's open enrollment concentration index equals the greater of: (i) zero, or (ii) the lesser of 1.0, or the difference between the district's ratio of open enrollment pupil units served to its resident pupil units for that year and 0.2. This clause does not apply to a school district where more than 50 percent of the open enrollment students are enrolled solely in online learning courses.

(c) If the amount of the reduction to be made from the general education aid of the resident district is greater than the amount of general education aid otherwise due the district, the excess reduction must be made from other state aids due the district.

(d) For fiscal year 2006, the district of residence must pay tuition to a district or an area learning center, operated according to paragraph (f), providing special instruction and services to a pupil with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51, who is enrolled in a program listed in this subdivision. The tuition must be equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, minus (2) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum aid attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, minus (3) special education aid attributable to that pupil, that is received by the district providing special instruction and services. For purposes of this paragraph, general education revenue and referendum equalization aid attributable to a pupil must be calculated using the serving district's average general education revenue and referendum equalization aid per adjusted pupil unit.

(e) For fiscal year 2007 and later, special education aid paid to a resident district must be reduced by an amount equal to (1) the actual cost of providing special instruction and services, including special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, for a pupil with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51, who is enrolled in a program listed in this subdivision, minus (2) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum equalization aid attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, minus (3) special education aid attributable to that pupil, that is received by the district providing special instruction and services. For purposes of this paragraph, general education revenue and referendum equalization aid attributable to a pupil must be calculated using the serving district's average general education revenue and referendum equalization aid per adjusted pupil unit. Special education aid paid to the

district or cooperative providing special instruction and services for the pupil, or to the fiscal agent district for a cooperative, must be increased by the amount of the reduction in the aid paid to the resident district. If the resident district's special education aid is insufficient to make the full adjustment, the remaining adjustment shall be made to other state aids due to the district.

(f) An area learning center operated by a service cooperative, intermediate district, education district, or a joint powers cooperative may elect through the action of the constituent boards to charge the resident district tuition for pupils rather than to have the general education revenue paid to a fiscal agent school district. Except as provided in paragraph (d) or (e), the district of residence must pay tuition equal to at least 90 percent of the district average general education revenue per pupil unit minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, times .0485, calculated without ~~basic skills compensatory~~ revenue and transportation sparsity revenue, times the number of pupil units for pupils attending the area learning center, ~~plus the amount of compensatory revenue generated by pupils attending the area learning center.~~

Subdivision 1. **Program structure; training programs for teachers.** (a) The advanced placement and international baccalaureate programs are well-established academic programs for mature, academically directed high school students. These programs, in addition to providing academic rigor, offer sound curricular design, accountability, comprehensive external assessment, feedback to students and teachers, and the opportunity for high school students to compete academically on a global level. Advanced placement and international baccalaureate programs allow students to leave high school with the academic skills and self-confidence to succeed in college and beyond. The advanced placement and international baccalaureate programs help provide Minnesota students with world-class educational opportunity.

(b) Critical to schools' educational success is ongoing advanced placement/international baccalaureate-approved teacher training. A secondary teacher assigned by a district to teach an advanced placement or international baccalaureate course or other interested educator may participate in a training program offered by The College Board or International Baccalaureate North America, Inc. The state may pay a portion of the tuition, room, board, and out-of-state travel costs a teacher or other interested educator incurs in participating in a training program. The commissioner shall determine application procedures and deadlines, select teachers and other interested educators to participate in the training program, and determine the payment process and amount of the subsidy. The procedures determined by the commissioner shall, to the extent possible, ensure that advanced placement and international baccalaureate courses become available in all parts of the state and that a variety of course offerings are available in school districts. This subdivision does not prevent teacher or other interested educator participation in training programs offered by The College Board or International Baccalaureate North America, Inc., when tuition is paid by a source other than the state.

(c) The commissioner may award state-funded competitive grants designed to create advanced placement summer training institutes for secondary teachers. Two-year grants, beginning and ending on October 1, may be awarded to Minnesota institutions of higher education that comply with the training requirements outlined by The College Board. The commissioner shall determine award criteria and the selection process.

Sec. 4. [120B.17] WORLD LANGUAGE PROFICIENCY CERTIFICATES.

(a) Any Minnesota public, charter, or private school may award Minnesota World Language Proficiency Certificates or Minnesota World Language Proficiency High Achievement Certificates.

14.1 (b) The Minnesota World Language Proficiency Certificate recognizes students who
14.2 demonstrate both oral and written language skills at the American Council on the Teaching
14.3 of Foreign Languages' Intermediate-Low level on a valid and reliable assessment tool. For
14.4 languages listed as Category 3 by the United States Foreign Service Institute or Category
14.5 4 by the United States Defense Language Institute, the standard is Intermediate-Low for
14.6 listening and speaking and Novice-High for reading and writing.

14.7 (c) The Minnesota World Language Proficiency High Achievement Certificate
14.8 recognizes students who demonstrated both oral and written language skills at the
14.9 American Council on the Teaching of Foreign Languages' Pre-Advanced level for
14.10 K-12 learners on a valid and reliable assessment tool. For languages listed as Category
14.11 3 by the United States Foreign Service Institute or Category 4 by the United States
14.12 Defense Language Institute, the standard is Pre-Advanced for listening and speaking and
14.13 Intermediate-Mid for reading and writing.

14.14 Sec. 5. Minnesota Statutes 2008, section 120B.30, subdivision 1, is amended to read:

14.15 Subdivision 1. **Statewide testing.** (a) The commissioner, with advice from experts
14.16 with appropriate technical qualifications and experience and stakeholders, consistent with
14.17 subdivision 1a, shall include in the comprehensive assessment system, for each grade
14.18 level to be tested, state-constructed tests developed from and aligned with the state's
14.19 required academic standards under section 120B.021 and administered annually to all
14.20 students in grades 3 through 8 and at the high school level in mathematics and reading. A
14.21 state-developed test in a subject other than writing, developed after the 2002-2003 school
14.22 year, must include both ~~machine-scoreable~~ multiple-choice and constructed response
14.23 questions. The commissioner shall establish one or more months during which schools
14.24 shall administer the tests to students each school year. Schools selected for stand-alone
14.25 state field testing or other national sampling by the department must participate as
14.26 requested. Superintendents or charter school directors may appeal in writing to the
14.27 commissioner of education or the commissioner's designee for exemption from a selected
14.28 field test if undue hardship is demonstrated. The commissioner's decision regarding the
14.29 appeal is final.

14.30 (b) For students enrolled in grade 8 before the 2005-2006 school year, ~~only~~
14.31 Minnesota basic skills tests in reading, mathematics, and writing shall fulfill students'
14.32 basic skills testing requirements for a passing state notation. The passing scores of basic
14.33 skills tests in reading and mathematics are the equivalent of 75 percent correct for students
14.34 entering grade 9 in 1997 and thereafter, as based on the first uniform test administration
14.35 of February 1998. Students who have not successfully passed the basic skills test by the

15.1 end of the 2011-2012 school year must pass the graduation assessment requirements
15.2 for Minnesota students given at that time.

15.3 ~~(b)~~ (c) For students enrolled in grade 8 in the 2005-2006 school year and later, only
15.4 the following options shall fulfill students' state graduation test requirements:

15.5 (1) for reading and mathematics:

15.6 (i) obtaining an achievement level equivalent to or greater than proficient as
15.7 determined through a standard setting process on the Minnesota comprehensive
15.8 assessments in grade 10 for reading and grade 11 for mathematics or achieving a passing
15.9 score as determined through a standard setting process on the graduation-required
15.10 assessment for diploma in grade 10 for reading and grade 11 for mathematics or
15.11 subsequent retests;

15.12 (ii) achieving a passing score as determined through a standard setting process on the
15.13 state-identified language proficiency test in reading and the mathematics test for English
15.14 language learners or the graduation-required assessment for diploma equivalent of those
15.15 assessments for students designated as English language learners;

15.16 (iii) achieving an individual passing score on the graduation-required assessment
15.17 for diploma as determined by appropriate state guidelines for students with an individual
15.18 education plan or 504 plan;

15.19 (iv) obtaining achievement level equivalent to or greater than proficient as
15.20 determined through a standard setting process on the state-identified alternate assessment
15.21 or assessments in grade 10 for reading and grade 11 for mathematics for students with
15.22 an individual education plan; or

15.23 (v) achieving an individual passing score on the state-identified alternate assessment
15.24 or assessments as determined by appropriate state guidelines for students with an
15.25 individual education plan; and

15.26 (2) for writing:

15.27 (i) achieving a passing score on the graduation-required assessment for diploma;

15.28 (ii) achieving a passing score as determined through a standard setting process on
15.29 the state-identified language proficiency test in writing for students designated as English
15.30 language learners;

15.31 (iii) achieving an individual passing score on the graduation-required assessment
15.32 for diploma as determined by appropriate state guidelines for students with an individual
15.33 education plan or 504 plan; or

15.34 (iv) achieving an individual passing score on the state-identified alternate assessment
15.35 or assessments as determined by appropriate state guidelines for students with an
15.36 individual education plan.

~~(e)~~ (d) The 3rd through 8th grade and high school level test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must disseminate to the public the test results upon receiving those results.

~~(d)~~ (e) State tests must be constructed and aligned with state academic standards. The testing process and the order of administration shall be determined by the commissioner. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.

~~(e)~~ (f) In addition to the testing and reporting requirements under this section, the commissioner shall include the following components in the statewide public reporting system:

(1) uniform statewide testing of all students in grades 3 through 8 and at the high school level that provides appropriate, technically sound accommodations, alternate assessments, or exemptions consistent with applicable federal law, only with parent or guardian approval, for those very few students for whom the student's individual education plan team under sections 125A.05 and 125A.06 determines that the general statewide test is inappropriate for a student, or for a limited English proficiency student under section 124D.59, subdivision 2;

(2) educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

(3) state results on the American College Test; and

(4) state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

Sec. 6. Minnesota Statutes 2008, section 120B.30, subdivision 1a, is amended to read:

Subd. 1a. **Statewide and local assessments; results.** (a) The commissioner must develop reading, mathematics, and science assessments aligned with state academic standards that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:

(1) annual reading and mathematics assessments in grades 3 through 8 and at the high school level for the 2005-2006 school year and later; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through ~~9~~ 8 span, and a life sciences assessment in the grades ~~10~~ 9 through 12 span for the 2007-2008 school year and later.

(b) The commissioner must ensure that all statewide tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

(c) Reporting of assessment results must:

(1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

(2) include, by no later than the 2008-2009 school year, a value-added component that is in addition to a measure for student achievement growth over time; and

(3)(i) for students enrolled in grade 8 before the 2005-2006 school year, determine whether students have met the state's basic skills requirements; and

(ii) for students enrolled in grade 8 in the 2005-2006 school year and later, determine whether students have met the state's academic standards.

(d) Consistent with applicable federal law and subdivision 1, paragraph (d), clause (1), the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for students with limited English proficiency.

(e) A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student progress in achieving the academic standards. If a state assessment is not available, a school, school district, and charter school must determine locally if a student has met the required academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

Sec. 7. Minnesota Statutes 2008, section 122A.07, subdivision 2, is amended to read:

The amount of reserved revenue under this subdivision may only be spent on program costs associated with the area learning center or alternative learning program.

Subd. 3. **Access to services.** A ~~center~~ state-approved alternative program shall have access to the district's regular education programs, special education programs, technology facilities, and staff. Sec. 13. Minnesota Statutes 2008, section 124D.095, subdivision 3, is amended to read:

Subd. 3. **Authorization; notice; limitations on enrollment.** (a) A student may apply for full-time enrollment in an approved online learning program under section 124D.03, 124D.08 or 124D.10, ~~or for supplemental online learning.~~ Notwithstanding sections 124D.03, 124D.08, and 124D.10, procedures for enrolling in supplemental online learning shall be as provided in this subdivision. A student age 17 or younger must have the written consent of a parent or guardian to apply. No school district or charter school may prohibit a student from applying to enroll in online learning. In order that a student may enroll in online learning, the student and the student's parents must submit an application to the online learning provider and identify the reason for enrolling in online learning. The online learning provider that accepts a student under this section must within ten days notify the student and the enrolling district in writing if the enrolling district is not the online learning provider. The student and family must notify the online learning provider of their intent to enroll in online learning within ten days of acceptance, at which time the student and parent must sign a statement of assurance that they have reviewed the

22.1 online course or program and understand the expectations of online learning enrollment.
22.2 The online learning provider must notify the enrolling district of the student's ~~enrollment~~
22.3 application to enroll in online learning in writing on a form provided by the department.

22.4 (b) Supplemental online learning notification to the enrolling district upon student
22.5 ~~enrollment in application to the online learning program provider~~ will include the
22.6 courses or program, credits to be awarded, and the start date of online enrollment, ~~and~~
22.7 ~~confirmation that the courses will meet the student's graduation plan.~~ An online learning
22.8 provider must make available to the enrolling district the course syllabus in a format
22.9 established by the commissioner that identifies the state standards met by the course,
22.10 content outline, assessment requirements, expectations for actual teacher contact time,
22.11 other student-to-teacher communication, and academic support for supplemental online
22.12 courses taken by students in the enrolling district. Within 15 days after the online learning
22.13 provider makes information in this paragraph available to the enrolling district, the
22.14 enrolling district must either confirm or deny to the online provider that the student,
22.15 parent, or guardian, and enrolling district have agreed the courses meet the enrolling
22.16 district's graduation requirements. An online learning course or program that meets
22.17 or exceeds a graduation standard or grade progression requirements at the enrolling
22.18 district as demonstrated on the online provider's syllabus must be considered to meet the
22.19 corresponding graduation requirements of the student in the enrolling district. A student
22.20 may enroll in supplemental online learning courses up to the midpoint of the enrolling
22.21 district's term. The enrolling district may waive this requirement for special circumstances
22.22 and upon acceptance by the online provider.

22.23 (c) An online learning provider must notify the commissioner that it is delivering
22.24 online learning and report the number of online learning students it is accepting and the
22.25 online learning courses and programs it is delivering.

22.26 (d) An online learning provider may limit enrollment if the provider's school board
22.27 or board of directors adopts by resolution specific standards for accepting and rejecting
22.28 students' applications.

22.29 (e) An enrolling district may reduce an online learning student's regular classroom
22.30 instructional membership in proportion to the student's membership in online learning
22.31 courses.

22.32 (f) The online provider must report or make available individual student progress
22.33 and credit accumulation to the student, parent or guardian, and enrolling district in a
22.34 manner specified by the commissioner unless another manner is agreed upon by the
22.35 enrolling district and the online provider and submitted to the commissioner. The enrolling

23.1 district must designate a contact person to assist in the facilitation and monitoring of
23.2 student progress and credit accumulation towards graduation status.

23.3 Sec. 14. Minnesota Statutes 2008, section 124D.095, subdivision 4, is amended to read:

23.4 Subd. 4. **Online learning parameters.** (a) An online learning student must receive
23.5 academic credit for completing the requirements of an online learning course or program.
23.6 Secondary credits granted to an online learning student must be counted toward the
23.7 graduation and credit requirements of the enrolling district. ~~An online learning provider~~
23.8 ~~must make available to the enrolling district the course syllabus, standard alignment,~~
23.9 ~~content outline, assessment requirements, and contact information for supplemental online~~
23.10 ~~courses taken by students in the enrolling district.~~ The enrolling district must apply the
23.11 same graduation requirements to all students, including online learning students, and
23.12 must continue to provide nonacademic services to online learning students. If a student
23.13 completes an online learning course or program that meets or exceeds a graduation
23.14 standard or grade progression requirement at the enrolling district, that standard or
23.15 requirement is met. The enrolling district must use the same criteria for accepting online
23.16 learning credits or courses as it does for accepting credits or courses for transfer students
23.17 under section 124D.03, subdivision 9. The enrolling district may reduce the course
23.18 schedule of an online learning student in proportion to the number of online learning
23.19 courses the student takes from an online learning provider that is not the enrolling district.

23.20 (b) An online learning student may:

23.21 (1) enroll in supplemental online learning courses during a single school year to a
23.22 maximum of 50 percent of the student's full schedule of courses per term. A student may
23.23 exceed the supplemental online learning registration limit if the enrolling district grants
23.24 permission for supplemental online learning enrollment above the limit, or if an agreement
23.25 is made between the enrolling district and the online learning provider for instructional
23.26 services;

23.27 (2) complete course work at a grade level that is different from the student's current
23.28 grade level; and

23.29 (3) enroll in additional courses with the online learning provider under a separate
23.30 agreement that includes terms for payment of any tuition or course fees.

23.31 (c) An online learning student has the same access to the computer hardware and
23.32 education software available in a school as all other students in the enrolling district. An
23.33 online learning provider must assist an online learning student whose family qualifies
23.34 for the education tax credit under section 290.0674 to acquire computer hardware and
23.35 educational software for online learning purposes.

(d) An enrolling district may offer online learning to its enrolled students. Such online learning does not generate online learning funds under this section. An enrolling district that offers online learning only to its enrolled students is not subject to the reporting requirements or review criteria under subdivision 7. A teacher with a Minnesota license must assemble and deliver instruction to enrolled students receiving online learning from an enrolling district. The delivery of instruction occurs when the student interacts with the computer or the teacher and receives ongoing assistance and assessment of learning. The instruction may include curriculum developed by persons other than a teacher with a Minnesota license.

(e) An online learning provider that is not the enrolling district is subject to the reporting requirements and review criteria under subdivision 7. A teacher with a Minnesota license must assemble and deliver instruction to online learning students. The delivery of instruction occurs when the student interacts with the computer or the teacher and receives ongoing assistance and assessment of learning. The instruction may include curriculum developed by persons other than a teacher with a Minnesota license. Unless the commissioner grants a waiver, a teacher providing online learning instruction must not instruct more than 40 students in any one online learning course or program.

(f) To enroll in more than 50 percent of the student's full schedule of courses per term in online learning, the student must qualify to exceed the supplemental online learning registration limit under paragraph (b) or apply for enrollment to an approved full-time online learning program following appropriate procedures in subdivision 3, paragraph (a). Full-time online learning students may enroll in classes at a local school per contract for instructional services between the online learning provider and the school district.

Sec. 15. Minnesota Statutes 2008, section 124D.095, subdivision 7, is amended to read:

Subd. 7. **Department of Education.** (a) The department must review and certify online learning providers. The online learning courses and programs must be rigorous, aligned with state academic standards, and contribute to grade progression in a single subject. ~~Online learning providers must demonstrate to the commissioner that online learning courses have equivalent standards or instruction, curriculum, and assessment requirements as other courses offered to enrolled students. The online learning provider must also demonstrate expectations for actual teacher contact time or other student-to-teacher communication.~~ The online provider must provide written assurance that: (1) all courses meet state academic standards; and (2) the online learning curriculum, instruction, and assessment, expectations for actual teacher-contact time or other student-to-teacher communication, and academic support meet nationally recognized

professional standards and are demonstrated as such in a syllabus provided according to the commissioner's requirements. Once an online learning provider is approved under this paragraph, all of its online learning course offerings are eligible for payment under this section unless a course is successfully challenged by an enrolling district or the department under paragraph (b).

(b) An enrolling district may challenge the validity of a course offered by an online learning provider. The department must review such challenges based on the certification procedures under paragraph (a). The department may initiate its own review of the validity of an online learning course offered by an online learning provider.

(c) The department may collect a fee not to exceed \$250 for certifying online learning providers or \$50 per course for reviewing a challenge by an enrolling district.

(d) The department must develop, publish, and maintain a list of approved online learning providers and online learning courses and programs that it has reviewed and certified.

Sec. 16. Minnesota Statutes 2008, section 124D.095, subdivision 10, is amended to read:

Subd. 10. **Online Learning Advisory Council.** (a) An Online Learning Advisory Council is established under section 15.059, except that the term for each council member shall be three years. The advisory council is composed of 12 members from throughout the state who have demonstrated experience with or interest in online learning. The members of the council shall be appointed by the commissioner. The advisory council shall bring to the attention of the commissioner any matters related to online learning and provide input to the department in matters related, but not restricted, to:

- (1) quality assurance;
- (2) teacher qualifications;
- (3) program approval;
- (4) special education;
- (5) attendance;
- (6) program design and requirements; and
- (7) fair and equal access to programs.

(b) Notwithstanding section 15.059, subdivision 5, the Online Learning Advisory Council under this subdivision expires June 30, ~~2008~~ 2013.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 17. Minnesota Statutes 2008, section 124D.10, is amended to read:

124D.10 CHARTER SCHOOLS.

Subdivision 1. **Purposes.** (a) The purpose of this section is to:

- (1) improve pupil learning;
- (2) increase learning opportunities for pupils;
- (3) encourage the use of different and innovative teaching methods;
- (4) require the measurement of learning outcomes and create different and innovative forms of measuring outcomes;
- (5) establish new forms of accountability for schools; or
- (6) create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.

Subd. 19. **Disseminate information.** The ~~sponsor~~ authorizer, the operators, and the Department of Education must disseminate information to the public on how to form and operate a charter school and how to utilize the offerings of a charter school. Particular groups to be targeted include low-income families and communities, and students of color.

Subd. 20. **Leave to teach in a charter school.** If a teacher employed by a district makes a written request for an extended leave of absence to teach at a charter school, the district must grant the leave. The district must grant a leave not to exceed a total of five years. Any request to extend the leave shall be granted only at the discretion of the school board. The district may require that the request for a leave or extension of leave be made ~~up to 90 days before the teacher would otherwise have to report for duty before~~ February 1 in the school year preceding the school year in which the teacher intends to return, or February 1 of the calendar year in which the teacher's leave is scheduled to terminate. Except as otherwise provided in this subdivision and except for section 122A.46, subdivision 7, the leave is governed by section 122A.46, including, but not limited to, reinstatement, notice of intention to return, seniority, salary, and insurance.

During a leave, the teacher may continue to aggregate benefits and credits in the Teachers' Retirement Association account by paying both the employer and employee contributions based upon the annual salary of the teacher for the last full pay period before the leave began. The retirement association may impose reasonable requirements to efficiently administer this subdivision.

Subd. 21. **Collective bargaining.** Employees of the board of directors of a charter school may, if otherwise eligible, organize under chapter 179A and comply with its provisions. The board of directors of a charter school is a public employer, for the purposes of chapter 179A, upon formation of one or more bargaining units at the school. Bargaining units at the school must be separate from any other units within ~~the sponsoring~~ an authorizing district, except that bargaining units may remain part of the appropriate unit within ~~the sponsoring~~ an authorizing district, if the employees of the school, the board of directors of the school, the exclusive representative of the appropriate unit in the

39.1 ~~sponsoring~~ authorizing district, and the board of the ~~sponsoring~~ authorizing district agree
39.2 to include the employees in the appropriate unit of the ~~sponsoring~~ authorizing district.

39.3 Subd. 22. **Teacher and other employee retirement.** (a) Teachers in a charter
39.4 school must be public school teachers for the purposes of chapters 354 and 354a.

39.5 (b) Except for teachers under paragraph (a), employees in a charter school must be
39.6 public employees for the purposes of chapter 353.

39.7 Subd. 23. **Causes for nonrenewal or termination of charter school contract.** (a)
39.8 The duration of the contract with a ~~sponsor~~ an authorizer must be for the term contained in
39.9 the contract according to subdivision 6. The ~~sponsor~~ authorizer may or may not renew a
39.10 contract at the end of the term for any ground listed in paragraph (b). ~~A sponsor~~ An
39.11 authorizer may unilaterally terminate a contract during the term of the contract for any
39.12 ground listed in paragraph (b). At least 60 days before not renewing or terminating a
39.13 contract, the ~~sponsor~~ authorizer shall notify the board of directors of the charter school
39.14 of the proposed action in writing. The notice shall state the grounds for the proposed
39.15 action in reasonable detail and that the charter school's board of directors may request
39.16 in writing an informal hearing before the sponsor within 14 days of receiving notice of
39.17 nonrenewal or termination of the contract. Failure by the board of directors to make a
39.18 written request for a hearing within the 14-day period shall be treated as acquiescence to
39.19 the proposed action. Upon receiving a timely written request for a hearing, the sponsor
39.20 shall give reasonable notice to the charter school's board of directors of the hearing date.
39.21 The ~~sponsor~~ authorizer shall conduct an informal hearing before taking final action. The
39.22 ~~sponsor~~ authorizer shall take final action to renew or not renew a contract ~~by the last day~~
39.23 ~~of classes in the school year. If the sponsor is a local board, the school's board of directors~~
39.24 ~~may appeal the sponsor's decision to the commissioner~~ no later than 30 days before the
39.25 proposed date for terminating the contract or the end date of the contract.

39.26 (b) A contract may be terminated or not renewed upon any of the following grounds:

39.27 (1) failure to meet the requirements for pupil performance contained in the contract;

39.28 (2) failure to meet generally accepted standards of fiscal management;

39.29 (3) violations of law; or

39.30 (4) other good cause shown.

39.31 If a contract is terminated or not renewed under this paragraph, the school must
39.32 be dissolved according to the applicable provisions of chapter 308A or 317A, except
39.33 when the commissioner approves the decision of a different eligible ~~sponsor~~ authorizer to
39.34 ~~authorize the charter~~ the school.

39.35 (c) If at the end of a contract term, ~~either the sponsor or authorizer and~~ the charter
39.36 school board of directors ~~wants~~ mutually agree to voluntarily ~~terminate~~ not renew the

contract, a change in ~~sponsors~~ authorizers is allowed if the commissioner approves the decision of a different eligible ~~sponsor~~ authorizer to ~~authorize the charter the school. The party intending to terminate the contract must notify the other party and the commissioner of its intent at least 90 days before the date on which the contract ends.~~ The ~~sponsor~~ authorizer that is a party to the existing contract at least must inform ~~the approved any~~ different eligible ~~sponsor~~ authorizer about the fiscal and student performance of the school. The parties seeking to not renew the contract jointly must submit their intent in writing to the commissioner at least 90 days before the end date of the contract. Before the commissioner determines whether to grant a change of authorizer, the commissioner must first determine whether the charter school and prospective new authorizer can identify and effectively resolve any circumstances that caused the current authorizer and the charter school to not renew the contract. If no different eligible ~~sponsor~~ authorizer is approved, the school must be dissolved according to applicable law and the terms of the contract.

(d) The commissioner, after providing reasonable notice to the board of directors of a charter school and the existing ~~sponsor~~ authorizer, and after providing an opportunity for a public hearing, may terminate the existing ~~sponsorial relationship~~ contract between the authorizer and the charter school board if the charter school has a history of:

- (1) failure to meet pupil performance requirements contained in the contract;
- (2) financial mismanagement; or
- ~~(2) repeated~~ (3) violations of the law.

Subd. 23a. **Related party lease costs.** (a) A charter school is prohibited from entering a lease of real property with a related party as defined in subdivision 26, unless the lessor is a nonprofit corporation under chapter 317A or a cooperative under chapter 308A, and the lease cost is reasonable under section 124D.11, subdivision 4, clause (1).

(b) For purposes of this section and section 124D.11:

~~(e)~~ (d) If a charter school enters into as lessee a lease with a related party and the charter school subsequently closes, the commissioner has the right to recover from the lessor any lease payments in excess of those that are reasonable under section 124D.11, subdivision 4, clause (1).

Subd. 24. **Pupil enrollment upon nonrenewal or termination of charter school contract.** If a contract is not renewed or is terminated according to subdivision 23, a pupil who attended the school, siblings of the pupil, or another pupil who resides in the same place as the pupil may enroll in the resident district or may submit an application to a nonresident district according to section 124D.03 at any time. Applications and notices required by section 124D.03 must be processed and provided in a prompt manner. The application and notice deadlines in section 124D.03 do not apply under these circumstances. The closed charter school must transfer the student's educational records within ten business days of closure to the student's school district of residence where the records must be retained or transferred under section 120A.22, subdivision 7.

Subd. 25. **Extent of specific legal authority.** (a) The board of directors of a charter school may sue and be sued.

(b) The board may not levy taxes or issue bonds.

(c) The commissioner, ~~a sponsor~~ an authorizer, members of the board of ~~a sponsor~~ an authorizer in their official capacity, and employees of a sponsor are immune from civil or criminal liability with respect to all activities related to a charter school they approve or ~~sponsor~~ authorize. The board of directors shall obtain at least the amount of and types of insurance ~~required by the contract, according to subdivision 6.~~ up to the applicable tort liability limits under chapter 466. The charter school board must submit a copy of the insurance policy to its authorizer and the commissioner before starting operations. The charter school board must submit changes in its insurance carrier or policy to its authorizer and the commissioner within 30 days of the change.

Sec. 18. Minnesota Statutes 2008, section 124D.11, subdivision 9, is amended to read:

Subd. 9. **Payment of aids to charter schools.** (a) Notwithstanding section 127A.45, subdivision 3, aid payments for the current fiscal year to a charter school ~~not in its first year of operation~~ shall be of an equal amount on each of the ~~23~~ 24 payment dates. ~~A charter school in its first year of operation shall receive, on its first payment date, ten percent of its cumulative amount guaranteed for the year and 22 payments of an equal amount thereafter the sum of which shall equal the current year aid payment percentage multiplied by the cumulative amount guaranteed.~~

(b) Notwithstanding paragraph (a) ~~and section 127A.45~~, for a charter school ceasing operation ~~on or prior to the end of a school year, the current year aid payment percentage multiplied by the amount due for the school year may be paid to the school after audit of prior fiscal year and current fiscal year pupil counts.~~ June 30 of a school year, for the payment periods occurring after the school has ceased serving students, the commissioner shall withhold state aid due to the school based on estimated state aid entitlements. The charter school board of directors and authorizer must provide the commissioner with a closure plan under chapter 308A or 317A, and financial information that details the school's liabilities and assets. After receiving the closure plan, financial information, an audit of pupil counts, documentation of lease expenditures, and monitoring of special education expenditures, the commissioner may release cash withheld and may continue regular payments up to the current year payment percentages if further amounts are owed. If, based on audits and monitoring, the school received state aid in excess of the amount owed, the commissioner shall retain cash withheld sufficient to eliminate the aid overpayment. For a charter school ceasing operations prior to, or at the end of, a school year, notwithstanding section 127A.45, subdivision 3, preliminary final payments may be made after receiving the closure plan, audit of pupil counts, monitoring of special education expenditures, and documentation of lease expenditures, and school submission of Uniform Financial Accounting and Reporting Standards (UFARS) financial data for

43.1 the final year of operation. Final payment may be made upon receipt of audited financial
43.2 statements under section 123B.77, subdivision 3.

43.3 (c) If a charter school fails to comply with the commissioner's directive to return, for
43.4 cause, federal grant funds administered by the department or, within the timeline under
43.5 section 471.425, fails to pay a school district or service cooperative after receiving an
43.6 undisputed invoice for goods and services, the commissioner may withhold an amount
43.7 of state aid sufficient to satisfy the claim and shall distribute the withheld aid to the
43.8 school district, intermediate school district, or service cooperative. A school district,
43.9 intermediate school district, or education cooperative shall notify the commissioner when
43.10 a charter school fails to pay an undisputed invoice within 90 days of when it received
43.11 the original invoice.

43.12 (d) Notwithstanding section 127A.45, subdivision 3, and paragraph (a), 80 percent
43.13 of the start-up cost aid under subdivision 8 shall be paid within 45 days after the first day
43.14 of student attendance for that school year.

43.15 ~~(d)~~ (e) In order to receive state aid payments under this subdivision, a charter school
43.16 in its first three years of operation must submit a school calendar in the form and manner
43.17 requested by the department and a quarterly report to the Department of Education. The
43.18 report must list each student by grade, show the student's start and end dates, if any,
43.19 with the charter school, and for any student participating in a learning year program,
43.20 the report must list the hours and times of learning year activities. The report must be
43.21 submitted not more than two weeks after the end of the calendar quarter to the department.
43.22 The department must develop a Web-based reporting form for charter schools to use
43.23 when submitting enrollment reports. A charter school in its fourth and subsequent year of
43.24 operation must submit a school calendar and enrollment information to the department in
43.25 the form and manner requested by the department.

43.26 ~~(e)~~ (f) Notwithstanding sections 317A.701 to 317A.791, upon closure of a charter
43.27 school and satisfaction of creditors, cash and investment balances remaining shall be
43.28 returned to the state.

43.29 Sec. 19. Minnesota Statutes 2008, section 124D.128, subdivision 2, is amended to read:

43.30 Subd. 2. **Commissioner designation.** (a) ~~An area learning center~~ A state-approved
43.31 alternative program designated by the state must be a site. ~~An area learning center~~ A
43.32 state-approved alternative program must provide services to students who meet the criteria
43.33 in section 124D.68 and who are enrolled in:

43.34 (1) a district that is served by the ~~center~~ state-approved alternative program; or

(2) a charter school located within the geographic boundaries of a district that is served by the ~~center~~ state-approved alternative program.

(b) A school district or charter school may be approved biennially by the state to provide additional instructional programming that results in grade level acceleration. The program must be designed so that students make grade progress during the school year and graduate prior to the students' peers.

(c) To be designated, a district, charter school, or ~~center~~ state-approved alternative program must demonstrate to the commissioner that it will:

(1) provide a program of instruction that permits pupils to receive instruction throughout the entire year; and

(2) develop and maintain a separate record system that, for purposes of section 126C.05, permits identification of membership attributable to pupils participating in the program. The record system and identification must ensure that the program will not have the effect of increasing the total average daily membership attributable to an individual pupil as a result of a learning year program. The record system must include the date the pupil originally enrolled in a learning year program, the pupil's grade level, the date of each grade promotion, the average daily membership generated in each grade level, the number of credits or standards earned, and the number needed to graduate.

(d) A student who has not completed a school district's graduation requirements may continue to enroll in courses the student must complete in order to graduate until the student satisfies the district's graduation requirements or the student is 21 years old, whichever comes first.

Sec. 20. Minnesota Statutes 2008, section 124D.128, subdivision 3, is amended to read:

Subd. 3. **Student planning.** A district, charter school, or ~~area learning center~~ state-approved alternative program must inform all pupils and their parents about the learning year program and that participation in the program is optional. A continual learning plan must be developed at least annually for each pupil with the participation of the pupil, parent or guardian, teachers, and other staff; each participant must sign and date the plan. The plan must specify the learning experiences that must occur during the entire fiscal year and are necessary for grade progression or, for secondary students, graduation. The plan must include:

(1) the pupil's learning objectives and experiences, including courses or credits the pupil plans to complete each year and, for a secondary pupil, the graduation requirements the student must complete;

(2) the assessment measurements used to evaluate a pupil's objectives;

(3) requirements for grade level or other appropriate progression; and
(4) for pupils generating more than one average daily membership in a given grade,
an indication of which objectives were unmet.

The plan may be modified to conform to district schedule changes. The district may
not modify the plan if the modification would result in delaying the student's time of
graduation.

Sec. 21. Minnesota Statutes 2008, section 124D.68, subdivision 2, is amended to read:

Subd. 2. **Eligible pupils.** A pupil under the age of 21 or who meets the requirements

in a locally determined achievement test;

(2) is at least one year behind in satisfactorily completing coursework or obtaining
credits for graduation;

(3) is pregnant or is a parent;

(4) has been assessed as chemically dependent;

(5) has been excluded or expelled according to sections 121A.40 to 121A.56;

section 124D.69;

(7) is a victim of physical or sexual abuse;

(8) has experienced mental health problems;

(9) has experienced homelessness sometime within six months before requesting a
transfer to an eligible program;

(10) speaks English as a second language or has limited English proficiency; or

(11) has withdrawn from school or has been chronically truant; or

(12) is being treated in a hospital in the seven-county metropolitan area for cancer or
other life threatening illness or is the sibling of an eligible pupil who is being currently
treated, and resides with the pupil's family at least 60 miles beyond the outside boundary
of the seven-county metropolitan area.

Sec. 22. Minnesota Statutes 2008, section 124D.68, subdivision 3, is amended to read:

Subd. 3. **Eligible programs.** (a) A pupil who is eligible according to subdivision 2
may enroll in ~~area learning centers~~ a state-approved alternative program under sections
123A.05 to 123A.08.

(b) A pupil who is eligible according to subdivision 2 and who is ~~between the ages of 16 and 21~~ a high school junior or senior may enroll in postsecondary courses under section 124D.09.

(c) A pupil who is eligible under subdivision 2, may enroll in any public elementary or secondary education program.

(d) A pupil who is eligible under subdivision 2, may enroll in any nonpublic, nonsectarian school that has contracted with the serving school district to provide educational services. However, notwithstanding other provisions of this section, only a pupil who is eligible under subdivision 2, clause (12), may enroll in a contract alternative school that is specifically structured to provide educational services to such a pupil.

(e) A pupil who is between the ages of 16 and 21 may enroll in any adult basic education programs approved under section 124D.52 and operated under the community education program contained in section 124D.19.

Sec. 23. Minnesota Statutes 2008, section 124D.68, subdivision 4, is amended to read:

Subd. 4. **Additional eligible program.** A pupil who is at least 16 years of age, who is eligible under subdivision 2, ~~clause (a)~~, and who has been enrolled only in a public school, if the pupil has been enrolled in any school, during the year immediately before transferring under this subdivision, may transfer to any nonpublic school that has contracted with the serving school district to provide nonsectarian educational services. The school must enroll every eligible pupil who seeks to transfer to the school under this program subject to available space.

Sec. 24. Minnesota Statutes 2008, section 124D.68, subdivision 5, is amended to read:

Subd. 5. **Pupil enrollment.** Any eligible pupil may apply to enroll in an eligible program. Approval of the resident district is not required for:

(1) an eligible pupil to enroll in any eligible program in a nonresident district under subdivision 3 or 4 or ~~an area learning center~~ a state-approved alternative program established under section 123A.05; or

(2) an eligible pupil under subdivision 2, to enroll in an adult basic education program approved under section 124D.52.

Sec. 25. Minnesota Statutes 2008, section 125A.15, is amended to read:

125A.15 PLACEMENT IN ANOTHER DISTRICT; RESPONSIBILITY.

The responsibility for special instruction and services for a child with a disability temporarily placed in another district for care and treatment shall be determined in the following manner:

(a) The district of residence of a child shall be the district in which the child's parent resides, if living, or the child's guardian, or the district designated by the commissioner if neither parent nor guardian is living within the state.

(b) If a district other than the resident district places a pupil for care and treatment, the district placing the pupil must notify and give the resident district an opportunity to participate in the placement decision. When an immediate emergency placement of a pupil is necessary and time constraints foreclose a resident district from participating in the emergency placement decision, the district in which the pupil is temporarily placed must notify the resident district of the emergency placement within 15 days. The resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(c) When a child is temporarily placed for care and treatment in a day program located in another district and the child continues to live within the district of residence during the care and treatment, the district of residence is responsible for providing transportation to and from the care and treatment facility program and an appropriate educational program for the child. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the educational program at a school within the district of residence, at the child's residence, or in the district in which the day treatment center is located by paying tuition to that district.

~~(c)~~ (d) When a child is temporarily placed in a residential program for care and treatment, the nonresident district in which the child is placed is responsible for providing an appropriate educational program for the child and necessary transportation while the child is attending the educational program; and must bill the district of the child's residence for the actual cost of providing the program, as outlined in section 125A.11, except as provided in paragraph ~~(d)~~ (e). However, the board, lodging, and treatment costs incurred in behalf of a child with a disability placed outside of the school district of residence by the commissioner of human services or the commissioner of corrections or their agents,

for reasons other than providing for the child's special educational needs must not become the responsibility of either the district providing the instruction or the district of the child's residence. For the purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment.

~~(d)~~ (e) A privately owned and operated residential facility may enter into a contract to obtain appropriate educational programs for special education children and services with a joint powers entity. The entity with which the private facility contracts for special education services shall be the district responsible for providing students placed in that facility an appropriate educational program in place of the district in which the facility is located. If a privately owned and operated residential facility does not enter into a contract under this paragraph, then paragraph ~~(e)~~ (d) applies.

~~(e)~~ (f) The district of residence shall pay tuition and other program costs, not including transportation costs, to the district providing the instruction and services. The district of residence may claim general education aid for the child as provided by law. Transportation costs must be paid by the district responsible for providing the transportation and the state must pay transportation aid to that district.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 26. Minnesota Statutes 2008, section 125A.51, is amended to read:

**125A.51 PLACEMENT OF CHILDREN WITHOUT DISABILITIES;
EDUCATION AND TRANSPORTATION.**

The responsibility for providing instruction and transportation for a pupil without a disability who has a short-term or temporary physical or emotional illness or disability, as determined by the standards of the commissioner, and who is temporarily placed for care and treatment for that illness or disability, must be determined as provided in this section.

(a) The school district of residence of the pupil is the district in which the pupil's parent or guardian resides.

(b) When parental rights have been terminated by court order, the legal residence of a child placed in a residential or foster facility for care and treatment is the district in which the child resides.

(c) Before the placement of a pupil for care and treatment, the district of residence must be notified and provided an opportunity to participate in the placement decision. When an immediate emergency placement is necessary and time does not permit resident district participation in the placement decision, the district in which the pupil is temporarily placed, if different from the district of residence, must notify the district

of residence of the emergency placement within 15 days of the placement. When a nonresident district makes an emergency placement without first consulting with the resident district, the resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(d) When a pupil without a disability is temporarily placed for care and treatment in a day program and the pupil continues to live within the district of residence during the care and treatment, the district of residence must provide instruction and necessary transportation to and from the care and treatment facility program for the pupil. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise.

Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the instruction at a school within the district of residence, at the pupil's residence, or in the case of a placement outside of the resident district, in the district in which the day treatment program is located by paying tuition to that district. The district of placement may contract with a facility to provide instruction by teachers licensed by the state Board of Teaching.

(e) When a pupil without a disability is temporarily placed in a residential program for care and treatment, the district in which the pupil is placed must provide instruction for the pupil and necessary transportation while the pupil is receiving instruction, and in the case of a placement outside of the district of residence, the nonresident district must bill the district of residence for the actual cost of providing the instruction for the regular school year and for summer school, excluding transportation costs.

(f) Notwithstanding paragraph (e), if the pupil is homeless and placed in a public or private homeless shelter, then the district that enrolls the pupil under section 127A.47, subdivision 2, shall provide the transportation, unless the district that enrolls the pupil and the district in which the pupil is temporarily placed agree that the district in which the pupil is temporarily placed shall provide transportation. When a pupil without a disability is temporarily placed in a residential program outside the district of residence, the administrator of the court placing the pupil must send timely written notice of the placement to the district of residence. The district of placement may contract with a residential facility to provide instruction by teachers licensed by the state Board of Teaching. For purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment.

(g) The district of residence must include the pupil in its residence count of pupil units and pay tuition as provided in section 123A.488 to the district providing the instruction. Transportation costs must be paid by the district providing the transportation and the state must pay transportation aid to that district. For purposes of computing state transportation aid, pupils governed by this subdivision must be included in the disabled transportation category if the pupils cannot be transported on a regular school bus route without special accommodations.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 27. Minnesota Statutes 2008, section 126C.05, subdivision 15, is amended to read:

Subd. 15. **Learning year pupil units.** (a) When a pupil is enrolled in a learning year program under section 124D.128, an area learning center or an alternative learning program approved by the commissioner under sections 123A.05 and 123A.06, ~~an alternative program approved by the commissioner~~, or a contract alternative program under section 124D.68, subdivision 3, paragraph (d), or subdivision 3a, for more than 1,020 hours in a school year for a secondary student, more than 935 hours in a school year for an elementary student, or more than 425 hours in a school year for a kindergarten student without a disability, that pupil may be counted as more than one pupil in average daily membership for purposes of section 126C.10, subdivision 2a. The amount in excess of one pupil must be determined by the ratio of the number of hours of instruction provided to that pupil in excess of: (i) the greater of 1,020 hours or the number of hours required for a full-time secondary pupil in the district to 1,020 for a secondary pupil; (ii) the greater of 935 hours or the number of hours required for a full-time elementary pupil in the district to 935 for an elementary pupil in grades 1 through 6; and (iii) the greater of 425 hours or the number of hours required for a full-time kindergarten student without a disability in the district to 425 for a kindergarten student without a disability. (2) the ratio of (i) the number of membership hours generated by project-based credits completed during the school year plus membership hours generated by credits completed in a seat-based setting to (ii) the annual required instructional hours at that grade level. Membership hours for a partially completed project-based credit must be prorated. General education revenue for a pupil in a project-based program must be prorated for a pupil participating for less than a full year, or its equivalent.

Subdivision 1. **Required academic standards.** The following subject areas are required for statewide accountability:

(1) language arts;

(2) mathematics;

(3) science;

(4) social studies, including history, geography, economics, and government and citizenship;

(5) health and physical education, for which locally developed academic standards apply; and

(6) the arts, for which statewide or locally developed academic standards apply, as determined by the school district. Public elementary and middle schools must offer at least three and require at least two of the following four arts areas: dance; music; theater; and visual arts. Public high schools must offer at least three and require at least one of the following five arts areas: media arts; dance; music; theater; and visual arts.

The commissioner must submit proposed standards in science and social studies to the legislature by February 1, 2004.

For purposes of applicable federal law, the academic standards for language arts, mathematics, and science apply to all public school students, ~~except the very few students with extreme cognitive or physical impairments for whom an individualized education plan team has determined that the required academic standards are inappropriate. An individualized education plan team that makes this determination must establish alternative standards with appropriate alternate achievement standards based on these academic standards for students with individualized education plans described under federal law.~~

A school district, no later than the 2007-2008 school year, must adopt graduation requirements that meet or exceed state graduation requirements established in law or rule. A school district that incorporates these state graduation requirements before the 2007-2008 school year must provide students who enter the 9th grade in or before the 2003-2004 school year the opportunity to earn a diploma based on existing locally established graduation requirements in effect when the students entered the 9th grade. District efforts to develop, implement, or improve instruction or curriculum as a result of the provisions of this section must be consistent with sections 120B.10, 120B.11, and 120B.20.

The commissioner must include the contributions of Minnesota American Indian tribes and communities as they relate to the academic standards during the review and revision of the required academic standards.

Sec. 3. Minnesota Statutes 2008, section 120B.30, subdivision 1, is amended to read:

Subdivision 1. **Statewide testing.** (a) The commissioner, with advice from experts with appropriate technical qualifications and experience and stakeholders, consistent with subdivision 1a, shall include in the comprehensive assessment system, for each grade level to be tested, state-constructed tests developed from and aligned with the state's required academic standards under section 120B.021 and administered annually to all students in grades 3 through 8 and at the high school level. A state-developed

test in a subject other than writing, developed after the 2002-2003 school year, must include both machine-scoreable and constructed response questions. The commissioner shall establish one or more months during which schools shall administer the tests to students each school year. For students enrolled in grade 8 before the 2005-2006 school year, only Minnesota basic skills tests in reading, mathematics, and writing shall fulfill students' basic skills testing requirements for a passing state notation. The passing scores of basic skills tests in reading and mathematics are the equivalent of 75 percent correct for students entering grade 9 in 1997 and thereafter, as based on the first uniform test administration of February 1998.

(b) For students enrolled in grade 8 in the 2005-2006 school year and later, only the following options shall fulfill students' state graduation test requirements:

(1) for reading and mathematics:

(i) obtaining an achievement level equivalent to or greater than proficient as determined through a standard setting process on the Minnesota comprehensive assessments in grade 10 for reading and grade 11 for mathematics or achieving a passing score as determined through a standard setting process on the graduation-required assessment for diploma in grade 10 for reading and grade 11 for mathematics or subsequent retests;

(ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in reading and the mathematics test for English language learners or the graduation-required assessment for diploma equivalent of those assessments for students designated as English language learners;

(iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan;

(iv) obtaining achievement level equivalent to or greater than proficient as determined through a standard setting process on the state-identified alternate assessment or assessments in grade 10 for reading and grade 11 for mathematics for students with an individual education plan; or

(v) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individual education plan; and

(2) for writing:

(i) achieving a passing score on the graduation-required assessment for diploma;

(ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in writing for students designated as English language learners;

(iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan; or

(iv) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individual education plan.

(c) The 3rd through 8th grade and high school level test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must disseminate to the public the test results upon receiving those results.

(d) State tests must be constructed and aligned with state academic standards. The testing process and the order of administration shall be determined by the commissioner. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.

(e) In addition to the testing and reporting requirements under this section, the commissioner shall include the following components in the statewide public reporting system:

(1) uniform statewide testing of all students in grades 3 through 8 and at the high school level that provides appropriate, technically sound accommodations; or alternate assessments; ~~or exemptions~~ consistent with applicable federal law; ~~only with parent or guardian approval, for those very few students for whom the student's individual education plan team under sections 125A.05 and 125A.06 determines that the general statewide test is inappropriate for a student, or for a limited English proficiency student under section 124D.59, subdivision 2;~~

(2) educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

(3) state results on the American College Test; and

(4) state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

Sec. 4. Minnesota Statutes 2008, section 120B.31, subdivision 4, is amended to read:

Subd. 4. **Statistical adjustments.** In developing policies and assessment processes to hold schools and districts accountable for high levels of academic standards under section 120B.021, the commissioner shall aggregate student data over time to report student performance levels measured at the school district, ~~regional~~, or statewide level. When collecting and reporting the data, the commissioner shall: ~~(1) acknowledge the impact of significant demographic factors such as residential instability, the number of single parent families, parents' level of education, and parents' income level on school outcomes; and~~ (2) organize and report the data so that state and local policy makers can understand the educational implications of changes in districts' demographic profiles over time. Any report the commissioner disseminates containing summary data on student performance must integrate student performance and the demographic factors that strongly correlate with that performance.

Sec. 5. Minnesota Statutes 2008, section 122A.31, subdivision 4, is amended to read:

Subd. 4. **Reimbursement.** (a) For purposes of revenue under section ~~125A.78~~ 125A.76, the Department of Education must only reimburse school districts for the services of those interpreters/translitterators who satisfy the standards of competency under this section.

(b) Notwithstanding paragraph (a), a district shall be reimbursed for the services of interpreters with a nonrenewable provisional certificate, interpreters/translitterators employed to mentor the provisional certified interpreters, and persons for whom a time-limited extension has been granted under subdivision 1, paragraph (d), or subdivision 2, paragraph (c).

Sec. 6. Minnesota Statutes 2008, section 123B.14, subdivision 7, is amended to read:

Subd. 7. **Clerk records.** The clerk shall keep a record of all meetings of the district and the board in books provided by the district for that purpose. The clerk shall, within three days after an election, notify all persons elected of their election. By ~~August~~ September 15 of each year the clerk shall file with the board a report of the revenues, expenditures and balances in each fund for the preceding fiscal year. The report together with vouchers and supporting documents shall subsequently be examined by a public accountant or the state auditor, either of whom shall be paid by the district, as provided in section 123B.77, subdivision 3. The board shall by resolution approve the report or require a further or amended report. By ~~August~~ September 15 of each year, the clerk shall make and transmit to the commissioner certified reports, showing:

(1) ~~The condition and value of school property;~~
(2) the revenues and expenditures in detail, and such other financial information required by law, rule, or as may be called for by the commissioner;
(3) ~~(2)~~ the length of school term and the enrollment and attendance by grades; and
(4) ~~(3)~~ such other items of information as may be called for by the commissioner.

The clerk shall enter in the clerk's record book copies of all reports and of the teachers' term reports, as they appear in the registers, and of the proceedings of any meeting as furnished by the clerk pro tem, and keep an itemized account of all the expenses of the district. The clerk shall furnish to the auditor of the proper county, by ~~October 10~~ September 30 of each year, an attested copy of the clerk's record, showing the amount of ~~money~~ proposed property tax voted by the district or the board for school purposes; draw and sign all orders upon the treasurer for the payment of money for bills allowed by the board for salaries of officers and for teachers' wages and all claims, to be countersigned by the chair. Such orders must state the consideration, payee, and the fund and the clerk shall take a receipt therefor. Teachers' wages shall have preference in the order in which they become due, and no money applicable for teachers' wages shall be used for any other purpose, nor shall teachers' wages be paid from any fund except that raised or apportioned for that purpose.

Sec. 7. Minnesota Statutes 2008, section 123B.81, subdivision 3, is amended to read:

Subd. 3. **Debt verification.** The commissioner shall establish a uniform auditing or other verification procedure for districts to determine whether a statutory operating debt exists in any Minnesota school district ~~as of June 30, 1977. This procedure must identify all interfund transfers made during fiscal year 1977 from a fund included in computing statutory operating debt to a fund not included in computing statutory operating debt.~~
The standards for this uniform auditing or verification procedure must be promulgated by the state board pursuant to chapter 14. If a district applies to the commissioner for a statutory operating debt verification ~~or if the unaudited financial statement for the school year ending June 30, 1977 reveals that a statutory operating debt might exist,~~ the commissioner shall require a verification of the amount of the statutory operating debt which actually does exist.

Sec. 8. Minnesota Statutes 2008, section 123B.81, subdivision 4, is amended to read:

Subd. 4. **Debt elimination.** If an audit or other verification procedure conducted pursuant to subdivision 3 determines that a statutory operating debt exists, a district

68.1 must follow the procedures ~~set forth in this section~~ 123B.83 to eliminate this statutory
68.2 operating debt.

68.3 Sec. 9. Minnesota Statutes 2008, section 123B.81, subdivision 5, is amended to read:

68.4 Subd. 5. **Certification of debt.** The commissioner shall certify the amount of

68.6 ~~on the basis of corrected figures, adjust the total amount of statutory operating debt~~
68.7 ~~certified for any district.~~

68.8 Sec. 10. Minnesota Statutes 2008, section 124D.095, subdivision 4, is amended to read:

68.9 Subd. 4. **Online learning parameters.** (a) An online learning student must receive
68.10 academic credit for completing the requirements of an online learning course or program.
68.11 Secondary credits granted to an online learning student must be counted toward the
68.12 graduation and credit requirements of the enrolling district. An online learning provider
68.13 must make available to the enrolling district the course syllabus, standard alignment,
68.14 content outline, assessment requirements, and contact information for supplemental online
68.15 courses taken by students in the enrolling district. The enrolling district must apply the
68.16 same graduation requirements to all students, including online learning students, and
68.17 must continue to provide nonacademic services to online learning students. If a student
68.18 completes an online learning course or program that meets or exceeds a graduation
68.19 standard or grade progression requirement at the enrolling district, that standard or
68.20 requirement is met. The enrolling district must use the same criteria for accepting online
68.21 learning credits or courses as it does for accepting credits or courses for transfer students
68.22 under section 124D.03, subdivision 9. The enrolling district may reduce the course
68.23 schedule of an online learning student in proportion to the number of online learning
68.24 courses the student takes from an online learning provider that is not the enrolling district.

68.25 (b) An online learning student may:

68.26 (1) enroll in supplemental online learning courses during a single school year to a
68.27 maximum of 50 percent of the student's full schedule of courses per term. A student may
68.28 exceed the supplemental online learning registration limit if the enrolling district grants
68.29 permission for supplemental online learning enrollment above the limit, or if an agreement
68.30 is made between the enrolling district and the online learning provider for instructional
68.31 services;

68.32 (2) complete course work at a grade level that is different from the student's current
68.33 grade level; and

(3) enroll in additional courses with the online learning provider under a separate agreement that includes terms for payment of any tuition or course fees.

(c) An online learning student has the same access to the computer hardware and education software available in a school as all other students in the enrolling district. An online learning provider must assist an online learning student whose family qualifies for the education tax credit under section 290.0674 to acquire computer hardware and educational software for online learning purposes.

(d) An enrolling district may offer online learning to its enrolled students. Such online learning does not generate online learning funds under this section. An enrolling district that offers online learning only to its enrolled students is not subject to the reporting requirements or review criteria under subdivision 7, unless the enrolling district is a full-time online provider. A teacher with a Minnesota license must assemble and deliver instruction to enrolled students receiving online learning from an enrolling district. The delivery of instruction occurs when the student interacts with the computer or the teacher and receives ongoing assistance and assessment of learning. The instruction may include curriculum developed by persons other than a teacher with a Minnesota license.

(e) ~~An~~ A full-time or supplemental online learning provider ~~that is not the enrolling district~~ is subject to the reporting requirements and review criteria under subdivision 7. A teacher with a Minnesota license must assemble and deliver instruction to online learning students. The delivery of instruction occurs when the student interacts with the computer or the teacher and receives ongoing assistance and assessment of learning. The instruction may include curriculum developed by persons other than a teacher with a Minnesota license. Unless the commissioner grants a waiver, a teacher providing online learning instruction must not instruct more than 40 students in any one online learning course or program.

(f) To enroll in more than 50 percent of the student's full schedule of courses per term in online learning, the student must qualify to exceed the supplemental online learning registration limit under paragraph (b) or apply for enrollment to an approved full-time online learning program following appropriate procedures in subdivision 3, paragraph (a). Full-time online learning students may enroll in classes at a local school per contract for instructional services between the online learning provider and the school district.

Sec. 11. Minnesota Statutes 2008, section 124D.10, subdivision 6a, is amended to read:

Subd. 6a. **Audit report.** (a) The charter school must submit an audit report to the commissioner by December 31 each year.

(b) The charter school, with the assistance of the auditor conducting the audit, must include with the report a copy of all charter school agreements for corporate management services. If the entity that provides the professional services to the charter school is exempt from taxation under section 501 of the Internal Revenue Code of 1986, that entity must file with the commissioner by February 15 a copy of the annual return required under section 6033 of the Internal Revenue Code of 1986.

(c) If the commissioner receives as part of the an audit report ~~a management letter~~ indicating that a material weakness exists in the financial reporting systems of a charter school, the charter school must submit a written report to the commissioner explaining how the material weakness will be resolved.

(d) Upon the request of an individual, the charter school must make available in a timely fashion the minutes of meetings of members, the board of directors, and committees having any of the authority of the board of directors, and statements showing the financial result of all operations and transactions affecting income and surplus during the school's last annual accounting period and a balance sheet containing a summary of its assets and liabilities as of the closing date of the accounting period.

Sec. 12. Minnesota Statutes 2008, section 125A.62, subdivision 8, is amended to read:

Subd. 8. **Grants and gifts.** The board, through the chief administrators of the academies, may apply for all competitive grants administered by agencies of the state and other government or nongovernment sources. Application may not be made for grants over which the board has discretion. Any money so received is hereby appropriated and dedicated for the purpose for which it is granted.

Sec. 13. Minnesota Statutes 2008, section 125A.76, subdivision 1, is amended to read:

Subdivision 1. **Definitions.** For the purposes of this section, the definitions in this subdivision apply.

(a) "Basic revenue" has the meaning given it in section 126C.10, subdivision 2. For the purposes of computing basic revenue pursuant to this section, each child with a disability shall be counted as prescribed in section 126C.05, subdivision 1.

(b) "Essential personnel" means teachers, cultural liaisons, related services, and support services staff providing ~~direct~~ services to students. Essential personnel may also include special education paraprofessionals or clericals providing support to teachers and students by preparing paperwork and making arrangements related to special education compliance requirements, including parent meetings and individual education plans. Essential personnel does not include administrators and supervisors.

71.11 in the school on October 1 of the previous fiscal year, or on October 1 of the current fiscal
71.12 year for a charter school in the first year of operation, times the ratio of the sum of the

71.31 exceed these limits.

71.32 **EFFECTIVE DATE.** This section is effective the day following final enactment.
